### Description

Elegant Set of 3 Chinese Armchairs in Carved and Inlaid Wood - Late 19th / Early 20th Century

Superb set of Chinese armchairs in solid wood, finely carved and decorated with mother-of-pearl inlays representing delicate floral motifs. The openwork backrest has a central inlaid medallion and is topped with a carved element in the shape of a bat, a symbol of happiness and prosperity in traditional Chinese art. The armrests and the base are harmoniously worked with scroll details and geometric patterns typical of Asian craftsmanship. Two of the armchairs are sold with matching cushions, while the third is without a cushion.
