Description

Astonishing and enigmatic portrait of a woman in the cubist style signed MIAUCH, pseudonym of the artist André Mioche (1907-1995). Mixed media on cardboard mounted on canvas, combining oil paint and textured material effects, all simulating a work painted on stained glass. This elongated female face with long black hair, closed eyes and an expression marked by both contemplation and serenity is a real invitation to meditation and introspection as it gives off an impression of appeasement when observing it.
