### Description

Beautiful bronze cup with excavation patina on a breccia marble base. The model treated after the Antique is inspired by the famous marble vase discovered in the ruins of the Villa of the Emperor Hadrian at the end of the 18th century and known as the "Warwick Vase". Very beautiful quality of execution and patina, very nervous chiseling. In perfect condition. This cup bears on the back of the marble base a 19th century label annotated in pen "Bronze vase, the belly decorated with mascarons, Barbedienne Fondateur". NB / Possible shipment to France via Colissimo tracked: 30 euros.
