Description
-------------

Accurate officer's clock without chime and perfectly functional - revised - SDB25PEN001 Very healthy mechanics, revised by an experienced and professional watchmaker. No maker's mark, it is generally behind the dial. Excellent time reserve. Very accurate, over several days, possibility of adjusting the advance/delay on the top of the clock, see photos. Winding and setting the time on the back of the clock, to be ensured with a key. A small additional revision guarantee of 3 months is offered to all our watch buyers. Shipping costs to and from the requester. Excluding major breakage. Without any defect, beveled glasses in excellent condition, without chips or accidents. Brass frame with normal signs of use, very shiny, original unvarnished model. Sold
