### Description

Superb candlestick, 32cm and 1.150kg, from bronze, cast in two parts, connected by an impressive screw thread. It is in fact an oil lamp, or liquid wax, the fuel reservoir occupies the lower part, up to the 2 round vents which were used for filling and aerating the upper chimney, in shape of candle, top of which was fit with an iron wick holder, adapted ... 32cm H, x 15cm diam, weight: 1.150kg. This system is still used today in some modern churches. Rare light fixture, majestic appearance.... we don't see them often. Good condition, wear and slight deformations, nothing serious. This item is for immediate purchase, payable by credit card or paypal. - eclectic - antique dealers since 1970, Siret: FR 24.430113233. Invoice and Certificate are attached to each of our shipments.
