Description

Renovated mahogany double-body sideboard.
Materials: mahogany veneer. Features: This double-body sideboard consists of a display cabinet with three height-adjustable shelves in the upper part and a wave-shaped sideboard with two doors and a fixed shelf in the lower part. Both the upper and lower doors lock. The upper and lower parts of the sideboard are fixed together with screws. Renovation: This double-body sideboard has been completely washed. It has also been sanded. Given the condition of the mahogany veneer, the lower sideboard has been painted in Farrow & Ball's Pigeon Green color. The inside of the upper display cabinet and the shelves have also been painted in the same color. A magnet has been installed on the top of the display cabinet to help close the door. Dimensions: Base: W102 x
