

## Spearhead (revolutionary Pike? Hunting?) - France, 18th-19th Century

140 EUR

Period : 18th century

Condition : Bon état

### Description

Spearhead (revolutionary pike? Hunting?) - France, 18th-19th Century The general shape makes me think of a revolutionary pike, unfortunately the absence of revolutionary marking does not allow a certain identification. I have not identified the two "asterisk" markings. Perhaps it is then a spearhead or a spear or a guard pike. The steel is oxidized but sound, not pitted. Length 53cm Blade length 38.5cm Weight 533gr
