Description

This important bronze, titled "Child with Rooster," by renowned artist A. Cecioni, depicts a child holding a rooster, capturing a dynamic and expressive moment. The child stands on a circular base, arms wrapped around the rooster, which flaps its wings. The sculpture's meticulous details, such as the rooster's feathers and the child's screaming facial features, demonstrate Cecioni's artistic mastery. The bronze is patinated, realistically highlighting the textures and shapes. The artist's signature is present on the circular base. This work of art is not only a remarkable example of the artist's talent, but it also constitutes a precious decorative piece for art lovers and collectors of ancient bronzes. Adriano Cecioni (1836-1886) Italian sculptor, student of the Academy of Florence, he settled in Paris
