## Pair Of Cloisonné Metal Vases In The Chinese Style, 19th Century

2 900 EUR

Period : 19th century

Condition : Très bon état

Material : Metal

Diameter : environ 16 cm

### Description

Displayed with generous, very European gadroons, the bodies of these cloisonné metal vases feature a decoration of insects and flowers on a blue background. The gilt bronze mount borrows from the Louis XVI style. Between classical and Chinese tastes, this pair of vases could not better meet the demands of the era that created them. Indeed, the second half of the 19th century, with its thirst for historicism and exoticism, produced unique and highly original pieces that still retain their singular character today. In very good condition, this pair of vases is a testament to this.
