

## 18th Century Woodwork Element

890 EUR

Period : 18th century

Condition : Etat d'usage

Material : Gilded wood

Length : 68 cm

Height : 48 cm

Description
-------------

Gilded wood paneling element from the early 18th century, decorated with a seated child enthroned with his hands resting on large inverted volutes. The child's head has been reattached, the original 18th century gilding has chips. This decorative element is "in its original condition". Delivery at the buyer's expense.
