

Art Deco Five-ball Frosted Glass Chandelier By Genet & Michon

Description

Rare Art Deco period chandelier by Philippe Genet & Lucien Michon. It consists of a metal structure bearing a crown of 4 frosted and faceted glass balls, plus a 5th ball below. Each ball is powered electrically by vintage cords. A tassel decorates the central cord and the 5 electric cords join in a 12-piece bail, supported by a rope knot. The 5th ball is mobile: its support is fixed by a removable key. The glass balls are in perfect condition, it will just provide a re-electrification because the cords are no longer standard, but being original, we preferred to leave them well.
