Description

Beautiful view of the Louvre with the Pont du Carrousel, dated 1947.

Pierre Lafages (1925-?).

Little-known painter, of whom there is little information apart from his date of birth and works spent in the auction room.

Rather, in his known production, there are compositions with a surrealist or abstract tendency.

This view realized by the painter in his youth is treated in a modern spirit corresponding well to the style of the 1940s .

Oil on canvas 54x65 cm.

Good condition.

Carved, patinated wooden frame known as "montparnasse" from around the same time, in fair condition with minor patina damage. 71x81
