Description

Hamilton "Mediterranean Landscape" 1945 Oil on canvas mounted on cardboard 36 X 28 cm.

Who is this (or this) Hamilton ?

My old Bénézit quotes many with almost as many women as men. If the date makes it possible to eliminate a lot of them, I think that on the other hand, they are not all there and I will therefore be careful not to make an attribution ...

Still, the artist has a nice touch and that this landscape Mediterranean with houses that one can barely distinguish, nestled in the greenery above the bay, the other rocky shore of which can be seen on the other side is very charming !
