Description

Achille Fouquier (1817-1895?) 17 "Turkish Studies" pencil drawing on beige paper, 23 X 16 cm at sight, signed with the stamp of the signature circa 1853, framed by a marie-louise stained 50 X 35 cm . This drawing shows us figures dressed in oriental clothing from behind contemplating the activity of a port, on the bank of which a mosque looms, a study of the head in profile shown above. An indefatigable traveler, Achille Fouquier brought back sketches, anecdotes and observations from his many trips, collected in several books that were published. Whether from the Basque Country (he was mayor of Saint-Jean-de-Luz), Italy, Greece, the Balkans or the Middle East, his drawings taken from life are testimony to the history of these regions Do not hesitate to ask us for photos or additional
