### Description

A small object, but of great quality, which makes it possible to highlight a well-chosen foreground .... Double-sided screen, 3 sheets of black and gold lacquer sometimes in relief, with some mother-of-pearl inlays, the panels are mounted in red lacquered wood frames, decorated with golden twigs. The system of twinning the 3 leaves in bat wings, is in gilded brass. Very good quality, barely a little quite normal wear, this object brought back at the end of the 19th century or 1900 from an oriental trip was in fact intended for you .... My skills do not allow me to decide on a precise origin between China, Japan and Vietnam, sorry.

Dimensions: sheet: 25.5cm x 15.5cm, extended length: 47cm. Take a good look at the photos .... Insured and tracked shipping from France, Tel:
