### Description

Old necklace formed by alternating oval links, 8 links and links made with gold twists. The clasp is a spring ring.

Period: 20th century

Main material: yellow gold, 750 thousandths, 18 carats.

Proportions: Total length: approx. 78 cm, thickness: approx. 4.1 mm.

Net Weight: Approx.19.6g.

Old jewel - Work from the beginning of the 20th century. Some marks of time, not very visible.

Our opinion: Probably from a much longer old gold necklace, this necklace can be worn in a double row, close to the neck.
