Description

This pair of panels is 19th, neo Gothic, it represents Renaissance subjects. A whole marquetry work, a titanic work, carried out by hand. There are gaps in places, the panels were probably cut from furniture but they remain decorative as well. Let us note some lack in the marquetry and in the ebony or blackened pear tree, in any case the quality is at the rendezvous. The photos allow you to distinguish the state, the whole remains very decorative. Please note that our furniture is sold unrestored, unprepared, faults due to age must be accepted. However we will not make delivery by post for this type of too fragile article but we work with carriers thank you for coming back with us for a quote. They are perfect for informed individuals, dealers, collectors. Sold as is. For the state thank you for
