### Description

Charming oil on panel in the spirit of the paintings of Barbizon and representing a scene of return from the fields animated by 5 characters and a cart pulled by oxen in a country setting.

the colors are superb and very nicely treated with a background bathed in a pinkish twilight. the effect is very successful and gives this painting a lot of value.

the characters are seen from afar in a beautiful rural and bucolic landscape.

what is immediately surprising is the hazy side throughout the scene, a slight sfumato very pleasing to the eye.

the panel is in its original channel frame with beautiful gold gilding.

signed Fery in red lower left.

a very beautiful painting of a country scene
