

XIXth Louis Philippe Style Desk Clock

Description

This striking mantel clock is a testament to the exquisite craftsmanship and artistic flair of the Louis Philippe era in 19th-century France. The clock showcases a harmonious blend of form and function, typical of the style, with a strong emphasis on classical motifs and decorative elements.

The centerpiece of the clock is a captivating sculptural group depicting a mother tenderly embracing her child. The figures are meticulously cast in gilded bronze, with flowing drapery and delicate features, showcasing the exceptional skill of the artisan.

The clock rests on a base of malachite, a luxurious and richly colored stone that adds a touch of opulence and a striking contrast to the gilded bronze. The malachite base is further

10 000 EUR

embellished with intricate gilded bronze mounts, featuring acanthus leaves, floral swags, and possibly other decorative elements.

Key Features:

Louis Philippe Style: The clock exemplifies the elegance and grandeur of the Louis Philippe style, a period celebrated for its refined aesthetic and focus on classical motifs.

Sculptural Group: The inclusion of the mother and child figures elevates the clock beyond a mere timekeeping device and transforms it into a captivating work of art.

Intricate Craftsmanship: The meticulous casting of the bronze figures, the intricate detailing of the mounts, and the selection of high-quality malachite demonstrate the exceptional skill of the artisans involved.

Gilded Bronze and Malachite: The combination of these luxurious materials creates a visually striking and opulent effect.

Decorative Potential: This clock would make a stunning addition to any grand residence, serving as a centerpiece on a mantelpiece, console table, or as part of a larger display.
