Description

J. Laroza (20th century) : "The triple woman", oil on fine canvas mounted on panel 41 X 33 cm, mounted in a modern gold and brown frame 57 X 49 cm. Unfortunately, I did not find anything on this artist whose universe is close to surrealists like Victor Brauner or Yves Laloy, but who is reminiscent of certain South American works like those of Jorge Camacho. We can date this painting from the 50s / 60s. In very good condition despite small scratches and shrinkage in the brown. Do not hesitate to ask us for photos or additional information by email or phone. Other photos and many other objects in our stores in Pau and Biarritz and on our website: galerielhoste.com.
