Description

The Mills in Montmartre, Paris, 1907

Oil on wood panel

signed (illegible) and dated "07" on the lower left

18 x 20 cm

in good condition : a small inpainting visible on the left border

Framed : 26 x 38 cm

It's really interesting to compare this charming small painting with photographs of the exact same time (please see pictures) : one can identify the main mill as the famous Moulin de la Galette, which was painted by Renoir or Utrillo; it's interesting also to understand the presence of the massive metal structure on the right. Of course we identify the Montmartre basilica (Sacré Coeur) cupola on the left.
