Description

Pretty tiny stove with a long ebony handle, metal or silver without visible hallmark, three foot-butresses cut out with finials, heating body at bottom and nicely perforated walls, lower ashtray, the size of a doll's object.

According to some colleagues, it would be a charcoal stove to soften the wax blocks....

Dimensions: 5 cm x 5cm. Inner diameter: 3.2cm, gross weight: 37gr.

Condition: one weld or 2 that is not original.

Object from the 19th century.
