Beautiful pair of amphora shaped ornamental porcelain vases, Beautiful decoration that is so-called "revolving" Italian landscapes: the landscape goes around the vase in an uninterrupted manner. Very beautiful shiny gilding all over the vase. Paris Porcelain, Empire Restoration period - early 19th century, 1820s.

Fairly large model, very refined production, they can be placed on a commode or a mantel. Our vases are in excellent condition, very fresh gilding and remarkably preserved. No accident except a small chip at the base vase joint.
