### Description

Modern School, Mid 20th century

Boats in Palma de Mallorca

Watercolor on paper

50 x 36.5 cm

Framed : 56.5 x 43 cm

The characteristic silhouette of the facade of the cathedral of Palma de Mallorca allows to identify at first glance, the port and to locate these boats. This watercolor is not signed, so there is no clue as to its author, but it is interesting to recognize the heritage of Paul Signac's art, in these large strokes and bright colors. The whole is very masterful and attractive, which suggests a good artist, even if he is difficult to identify at the moment.
